

Audio Visual Equipment

The audio/visual equipment that is available at the Ohio Union will help to make your meeting or event complete. The majority of the rooms have a great amount of equipment built-in such as LCD projectors, motorized projection screens, and sound systems. You will find a list below that highlights some of the audio/visual equipment that is available. This list is not all-encompassing. Please do not hesitate to ask for equipment not listed because we will be happy to get whatever it is that you need to make your wedding, meeting, banquet, seminar, and all other events a success!
